

# Materials Installation

## Service

- Install mulch, soil, and stone to improve your property's look and change its composition.
- Mulch in garden beds also helps to retain soil moisture and suppress weeds.
- Bids reflect area preparation and the volume of materials to be installed. Disposal can be performed on-site or off-site.
- Materials installation is often part of a seasonal cleanup.

## Invoicing

- Materials installation is bid individually.
- There is a 50% deposit required to accept materials quotes. These can be made by credit card through emailed quotes.
- Invoices are submitted by email, upon completion of service. Payment can be made by cash, check, or credit card, through the invoice link or card reader.
